Principal's Desk

St. Berchmans College has served for over a century as an institution dedicated to academic excellence and social justice. Within it, BIMS stands as our flagship department, having spent three decades as a hub of knowledge that empowers both students and faculty to pursue limitless learning and create meaningful impact. Our goal is to establish ourselves as a leading B-School that delivers practical, relevant education while creating opportunities that challenge our students and instilling strong values of social responsibility. In today's increasingly interconnected world, equipping young people to succeed across borders is more important than ever. We cultivate a dynamic learning environment where students develop the confidence and dignity needed to face tomorrow's challenges. As an autonomous institution, BIMS remains committed to reaching new levels of achievement in our ongoing journey toward excellence.

Prof. Dr. Teddy C. Kanjooparambil
Principal

Why BIMS?

True education transcends the mere accumulation of information and technical competencies. While these elements remain essential, the deeper purpose of education lies in cultivating critical thinking, fostering reasoned judgment, and developing individuals who can contribute responsibly to a democratic society.

At its best, education turns individuals into people who contribute something meaningful to the world around them. Management education does exactly this—it takes ambitious students and molds them into professionals who can think critically, perform effectively, and grow into well-rounded human beings.

This is what drives us at Berchmans Institute of Management Studies. Built on the century-long foundation of St. Berchmans College, we're committed to education that goes beyond the classroom—education grounded in values and purpose. We push our students toward excellence, helping them realize their full capabilities while making a real difference in society.

Prof (Dr.) Gabriel Simon Thattil
Director, BIMS

Faculty, Research & Consultancy

The faculty at Berchmans Institute of Management Studies (BIMS) combine extensive knowledge, industrial experience, and advanced education to deliver quality training. Through interactive teaching methods and by bringing real-life experiences into the classroom, they ensure a dynamic learning environment.

BIMS emphasizes state-of-the-art teaching practices and provides students with opportunities to develop their skills holistically. Faculty members are encouraged to participate in Faculty Development Programs (FDPs), Management Orientation Programs (MOPs), and refresher courses organized by universities, business schools, and corporate organizations.

The institute empowers faculty members through comprehensive support for their research initiatives, consulting projects, and participation in scholarly conferences and seminars at both national and international levels.

The academic structure at BIMS is designed to provide a seamless blend of theoretical knowledge and practical insights. The core faculty's expertise is complemented by guest speakers, who bring in valuable industry perspectives. The visiting faculty is carefully selected to ensure that only the best minds contribute to the academic excellence of BIMS.

For CMAT, CAT, KMAT the cut off is 10% in General and SEBC category for SC/ST it is 7.5%
2. Vide UO No 2492/AC A1/2022/MGU , dated 10.03.2022 the relaxation in marks in the qualifying examinations of various programs of university for different reserved category is as follows:
Relaxation in marks in the qualifying examination:
In the SEBC category, relaxation from the prescribed minimum is 3%,
OEC is 5% and SC/ST a pass in the qualifying exam
No : 60496/AC B6-1/2024 /AC B6
Dated 17.06.2024

Admission Procedure

Admission to the MBA program at BIMS is based on a candidate's performance in CMAT, KMAT, or CAT, along with scores from Group Discussion and Personal Interview. The process adheres to the rules and guidelines set by AICTE, the Admission Supervisory Committee (ASC), the Fee Regulatory Committee for Professional Colleges, and Mahatma Gandhi University.

As per ASC directives, the selection criteria follow an 80:10:10 weightage distribution: 80% for the entrance test, 10% for the Group Discussion, and 10% for the Personal Interview.

Intakes and Fee Structure

The MBA program at BIMS offers:

Aided Seats: 60

Self-Financing Seats: 60

The fee structure is determined by the Management of St. Berchmans College in accordance with the guidelines provided by the Government and Mahatma Gandhi University.

Pedagogy

The pedagogical methods include Lectures, case studies, assignments, presentations, field works and Projects

Overview

The MBA (Full Time) programme of Berchmans Institute of Management Studies is spread over two years with 4 Semesters. Continuous Internal Evaluation during the semester and end semester examination at the end of such semester shall be conducted.

MSD

The Managerial Skill Development (MSD) is specifically designed to enhance and refine the skills essential for effective management. These skill development sessions are conducted on all weekdays and alternate Saturdays, ensuring continuous learning and improvement for aspiring managers.

Corporate Skills

Along with comprehensive theoretical knowledge, BIMS focuses on the holistic development of students by offering training in employability techniques, soft skills, and presentation skills.

These initiatives prepare students to excel in the corporate world with confidence and professionalism.

Business News Analysis

Students are required to prepare weekly news analyses and deliver presentations on assigned topics. This initiative aims to enhance their general knowledge and business awareness, fostering a deeper understanding of current events and trends in the corporate world.

Stress Management

Sessions have been designed to promote relaxation and stress relief for students. Education is a unique experience, and students often juggle multiple responsibilities. Through this program, students learn how to strike a balance in their daily schedules, both physically and mentally, helping them manage stress effectively.

Berchmans Industry Interface (BII)

To align with the evolving needs of the industry, BIMS incorporates the Berchmans Industry Interface (BII) program to equip students with practical and applicable knowledge. The goal of BII is to foster a passion for the subject while preparing students to be employable with the necessary skills and expertise. BII focuses on producing "Ready-to-Employ" business graduates, ensuring they are well-prepared for the market. This certificate program adds significant value to the MBA degree.

Add-on Courses

As part of its Industrial-Institutional Interface, the institute has introduced certification courses in specialized areas such as Finance, Marketing, HR, and Operations Management. These add-on courses are designed to enhance students' expertise and provide them with additional skills, making them more competitive in the job market.

Berchmans Research & Consultancy (BCC)

The Berchmans Consultancy Centre (BCC) aims to extend contemporary knowledge in Business Management to the business community. This initiative by BIMS focuses on fostering collaboration with the industry. Over the years, BCC has undertaken numerous consultancy assignments, and it continues to fulfill its mission of providing valuable insights and solutions to businesses.

Campus to Corporate Programme

As part of its initiative, BIMS, in collaboration with its Corporate Relations Office, organizes a Corporate Readiness Program on campus. This program provides students with valuable insights into the skills they need to develop and the preparations required for a smooth transition into professional life. Students have the opportunity to interact with eminent industrialists and career experts, gaining guidance to adapt to the evolving corporate world and thrive in their careers.

Infrastructure

Berchmans Institute of Management Studies offers a peaceful and conducive environment for studies. The campus is centered around the library, computer lab, and seminar hall, creating an ideal space for students to learn and engage with one another. The institute provides a rich array of extracurricular activities and cultural events that contribute to both academic and personal development. Equipped with state-of-the-art technology, the infrastructure supports a dynamic and interactive learning experience.

Library

BIMS boasts a splendid reference and lending library that supports students' academic programs. The library serves as a hub for knowledge, encouraging students to explore and expand their understanding. It offers a wide collection of books, journals, and international magazines, fostering a quest for knowledge and academic excellence.

Berchmans Centre for Management Research (BCMR)

The Berchmans Centre for Management Research (BCMR) serves as a dedicated research hub for management studies at BIMS. The center supports research initiatives for Ph.D. candidates and facilitates academic research on subjects approved by the university. Currently, there are five guides and twelve doctoral candidates engaged in various stages of research, contributing to the advancement of knowledge in management.

Computer Centre

BIMS offers comprehensive computing facilities to its students. The centralized computer lab is equipped with a ninety-node network and internet access. Additionally, the center provides access to various tools and resources, including EBSCO, PROWESS, Statistical packages, and a language lab, ensuring students have the necessary technological support for their academic and professional growth.

Hostel

BIMS provides separate accommodations for boys and girls, encouraging students to reside in the college hostel. This fosters a better quality of interaction and learning among peers. The hostel also plays a vital role in helping students manage their time and space within a community environment, promoting personal growth and independence.

Project Kalalayam

Industry-academic interface plays a crucial role in ensuring practical orientation in management education. By working together, academia and industry can bring the latest practices into the classroom, providing students with an industry-focused learning experience. Through its CSR initiative, "Project Kalalayam," EY has taken a significant step in this direction. St. Berchmans College and BIMS have been identified as pioneer institutions for this project. With many students pursuing careers in consulting-related fields, this initiative offers job-specific orientation and training to better prepare them for their professional journeys.

Annual Events

Berchnova (National level Management Fest)

Berchnova is a national-level management fest organized annually to broaden perspectives, challenge limits, and encourage creativity by transforming thoughts into actions. Since its inception, the fest has attracted participants from top B-schools across India. The two-day event features various competitions that test students' skills in multiple areas, aiming to transcend traditional boundaries of knowledge and wisdom.

The fest focuses on honing skills in Finance, HR, and Marketing, with major events such as the Business Quiz and Best Manager Contest, which add to the grandeur of the event.

Entrepreneur's Day

Entrepreneur's Day at BIMS is celebrated to honor visionary entrepreneurs who have made significant contributions to business and leadership. The highlight of the event is the prestigious BerchEmpresario title, awarded to the Entrepreneur of the Year, enabling students to interact with successful industry leaders. The event also features:

- ▶ **Berch Nueva Empresa** - an inter-collegiate business plan competition for B-school students.
- ▶ **Berch de Inicio** - an award recognizing promising young startup entrepreneurs in Kerala.
- ▶ **Berch de Alumnus** - an award honoring distinguished alumni entrepreneurs for their achievements and societal impact.

Award presented to Mr. Shijo K. Thomas, Managing Director, Oxygen Digital Expert, during Entrepreneur's Day celebrations.

Berch Environ

Annual competitions are organized every year on various environmental themes by BIMS in collaboration with BPCL Cochin to commemorate World Environment Day. These events aim to raise awareness about environmental issues and engage students in meaningful activities that promote sustainability and environmental responsibility.

Outbound Training Programme

Outbound Training Programs are organized for MBA students to enhance their skills in people and situation management. The program helps students polish their abilities in resource management, risk assessment, team building, leadership, and decision-making. These activities are designed to provide hands-on experience and foster personal growth, making students better prepared for real-world challenges.

Union Budget Analysis

The Union Budget is a key roadmap of the government's economic policy and an outlined plan for reviving the growth of the Indian economy. BIMS conducts an analysis of the Annual Union Budget every year to provide a broader perspective on the current economic status. Financial heads from renowned companies share their views, highlighting the major achievements of the ongoing financial year. This comprehensive analysis by our students offers valuable insights into the fiscal direction and priorities of the government.

Industrial Visits

Industrial visits are organized to complement the theoretical concepts taught in the classroom. Exposure to the industry and interaction with practicing managers help students develop an understanding of organizational relationships and functions. Participation in these visits is mandatory for all students, as they provide valuable insights into real-world business operations and enhance learning beyond academics.

Dining Etiquette

Students are given the opportunity to experience fine dining and receive training on proper dining etiquette in a five-star environment. This training helps them develop professional skills, enhancing their social competence and preparing them for business networking events and corporate settings.

Bridge Course

The Bridge Course is an in-house training program conducted by the faculty of BIMS. It aims to provide a theoretical foundation on various management subjects before the commencement of regular sessions. This course serves as a link between regular degree education and the core subjects of the management program, ensuring a smooth transition into the MBA curriculum.

Induction Programme

A week-long Induction Programme is designed to empower students and help them acclimate to the MBA program. It provides them with the opportunity to explore various self-development areas, such as career counseling, SWOT analysis, stress management, and leadership. The program bridges the gap between industry and academics, preparing students to compete in the modern corporate environment by equipping them with the skills and mindset needed for excellence.

Mentoring

Students at BIMS are grouped under different faculty mentors, where they have regular discussions to address their concerns and seek guidance. The goal of this mentoring program is to help students overcome their challenges, address grievances, and improve their performance both academically and in extracurricular activities. Students are required to fill prescribed forms for tracking their progress and submit them during their meetings with mentors. This program aims to provide personalized support and foster overall development.

Career counselling

Career counselling at BIMS helps students identify their strengths and choose the right MBA specialization based on their aptitude. In the third semester, counselors analyze students' profiles

using the 16PF Scale. This assessment offers valuable insights to help students make informed decisions about their career paths and academic focus.

The In-House Workshop Training Programme

The In-House Workshop Training Programme at BIMS includes sessions on Excel, SPSS, Creativity, and Outbound Training. These programs aim to fill knowledge gaps and expand the knowledge horizons of participants. Interactions with experienced faculty and fellow participants provide new insights, which help students make better-quality decisions.

Yoga

The MBA students at BIMS undergo a course on Yoga, which includes regular sessions culminating in an evaluation. This course aims to enhance the overall personality and well-being of students.

National/International Conferences

BIMS hosts both National and International Conferences, attracting experts, scholars, and professionals from around the world. These conferences offer students and attendees opportunities to deepen their understanding of management education and engage in meaningful discussions. In addition to exploring solutions to professional challenges, these events foster the exchange of ideas and perspectives. Coordinated by faculty and students, the conferences provide valuable platforms for social learning and knowledge sharing.
